

HoseCoil Washdown Hoses Available in "Standard" and and "Heavy Duty" Series

Washdown Hoses

Jabsco "Standard Series" Washdown Hoses are constructed of medium duty Polyurethane which is durable yet lightweight. Each 3/8" (10 mm) ID solid UV-stabilized white or blue polyurethane hose is fitted with a 3/4" (19 mm) solid brass connector for long life and rust-free use.

Jabsco "Heavy Duty Series" Washdown Hoses are constructed of a heavy UV-stabilized polyurethane material which is durable yet lightweight. Each 3/8" (10 mm) ID black hose is fitted with a 3/4" (19 mm) stainless steel connector for long life and corrosion-free use.

Both the "Standard Series" and "Heavy Duty Series" hoses feature a 4" (100 mm) coil and deliver a powerful stream of water for all of your washdown needs. The hoses can stow neatly out of the way when not in use.

Jabsco

"Standard Series" Hoses

FEATURES

- Lightweight – easy to use
- Medium strength wall construction provides good retractability and good durability
- Self-coiling – easy to stow
- 90% usable length – excellent extendability
- Solid brass connectors – improved flow rate and rust-free use
- 360 gallon per hour flow rate
- All models feature 4" coil and solid brass/plastic connector

"Heavy Duty Series" Hoses

FEATURES

- Lightweight – easy to use
- Thicker wall construction provides exceptional retractability and extended life
- Self-coiling – easy to stow
- 85% usable length – exceptional extendability
- Stainless steel connectors – improved flow rate, clean look and corrosion-free use
- Strain relief protector sleeve – eliminates stress kinks at hose connection point
- 360 gallon per hour flow rate
- All models feature 4" coil and stainless steel connector

MODEL NO.	DESCRIPTION
