Rule RainPerfect™

SOLAR POWERED RAIN BARREL PUMP SYSTEM

The RainPerfect™ pump and solar panel system install easily and provide sufficient pressure to run a standard nozzle or low pressure sprinkler system.

Harnessing the power of the sun, RainPerfect™ allows for efficient electrical operations without the constraints or installation of a dedicated power line. Further defining an environmentally friendly footprint, RainPerfect™ facilitates the direct application of collected rain water from your rain barrel to your multiple, water activity needs.

RainPerfect™ Pump Features and Benefits:

- Backed by the Rule brand of DC pumps, a brand enjoying over 45 years of operational excellence
- Harsh environment DC motor technology, proven with over 15 million units in use
- Robust and innovative centrifugal pump design, providing pressurized pumping at 13 PSI
- Incorporation of solar rechargeable, NiMH battery system, pumping up to 100 gallons of water on a single charge
- Standardized garden fixtures, ensuring compatibility with all major hose brands
- Simple screw and mount installation, allowing easy fixturing with minimal tools

The RainPerfect™ Pump System Includes:

3.5 Watt Solar Panel with Ground Stake

- Provides power to internal NiMH rechargeable battery
- Can mount on the water butt, fence or wall, or in the ground with the ground stake
- Kit contains 15 m of wire to allow for convenient placement

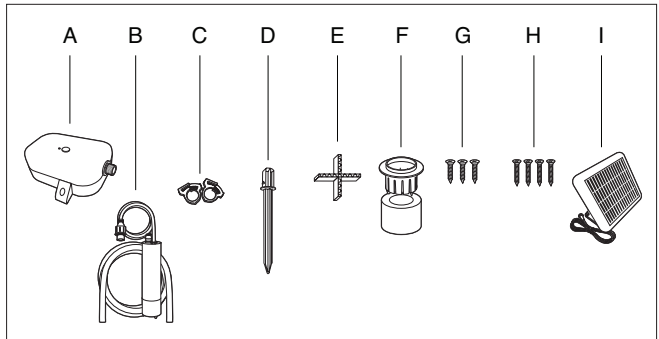

Specifications

Litres (water) per charge	Approximately 378 litres (100 gal)
Maximum Pressure	0.9 bar
Charge Time	Approximately 8 hours of sun
Voltage	12 volt
Certifications	CE
Port Size Outlet	Standard garden hose

Packaging Specifications

Weight	2.95 kg
Dimensions	32.07 cm x 15.88 cm x 53.34 cm
Master Pack Size	4 units
Master Pack Weight	11.79 kg
Master Pack Dimensions	39.69 cm x 64.14 cm x 33.97 cm

Kit Includes

- | | |
|------------------------------|---------------------------------------------------------------|
| A. Battery & Control Box | G. (3) Phillips Head Screws for Mounting Control Box |
| B. Pump with 40" (1 m) Hose | H. (4) Phillips Head Screws for Mounting Solar Panel |
| C. (2) Hose Clamps | I. Solar Panel & Mounting Bracket with 15' (4.6 m) Power Cord |
| D. Solar Panel Ground Anchor | |
| E. Cardboard X | |
| F. Strainer and Filter | |
