

WASHDOWN HOSE COILS AND BALLAST PUMPS

CONTENTS

HOSE COIL WASHDOWN ENCLOSURE SYSTEMS

This clever design allows you to mount a hose coil enclosure flush into a deck, vertically on a bulkhead or horizontally in the cockpit. Plumb the enclosure directly to a high volume washdown pump or water hose using the 5' supply hose that come with a 3/4" GHT fitting. Adapter fittings are included to fit 3/8", 1/2" and 5/8" hose. They are constructed of light weight durable UV stabilized plastic.

Part Number	Description
JA 31910-1115	Flush mount enclosure with 15' blue hose coil.
JA 31910-2115	Horizontal mount enclosure with 25' blue hose coil.
JA 31910-3115	Side mount enclosure with 15' blue hose coil.

Hose With Enclosure

15' AND 25' HOSE COILS IN BLUE OR WHITE

These UV stabilized hoses wind into a 4" diameter coil for easy and compact storage. They are available in 15' and 25' lengths in blue or white 3/8" diameter polyurethane. Both ends of each hose are fitted with solid brass 3/4" garden hose fittings for long life and rust free use.

Part Number	Description
JA 31910-1015	15' blue hose coil in 3/8" diameter with 3/4" GHT solid brass fittings
JA 31910-2015	15' white hose coil in 3/8" diameter with 3/4" GHT solid brass fittings
JA 31910-2025	25' white hose coil in 3/8" diameter with 3/4" GHT solid brass fittings

Hose Coils

JABSCO WAKEBOARD AND SKI BOAT BALLAST PUMP

Jabco now offers a wakeboard and ski boat water ballasting pump that can deliver almost 80 pounds (10 gallons) of water ballast per minute filling the typical 40 gallon ballast tank in under 5 minutes! They are self-priming, will not air-lock and are reversible to both fill and empty a ballast tank. The new 18220-1127 comes with a yellow impeller specially designed to reduce the motor load when changing flow direction. These pumps also feature an exclusive (patent pending) run-dry protection that shuts off the pump before the impeller is damaged.

Model Number	Max GPM/LBS	Impeller Material	Volts	Ports	Dimensions (H x W x L)
JA 18220-1123	10 GPM / 80 lbs	Nitrile	12 vdc	1/2" FPT or 1" Barb	3 5/8" x 4 1/4" x 7 1/8"
JA 18220-1127	10 GPM / 80 lbs	Yellow	12 vdc	1/2" FPT or 1" Barb	3 5/8" x 4 1/4" x 7 1/8"

Ballast Pump

JOHNSON ULTRA BALLAST PUMP

The Ultra Ballast Pump has been designed to pump water into ballast tanks. The pump can also transfer water from one ballast tank to another. A flip of the switch reverses the pump from filling to draining. The pumps are self-priming to 13 feet.

Model Number	Max GPM	Volts	Ports	Dimensions (H x W x L)
JS 10-24690-03	13.7	12 vdc	1/2" NPT/1" Barb	3 5/8" x 4.73" x 8.18"
JS 10-24690-04	13.7	24 vdc	1/2" NPT/1" Barb	3 5/8" x 4.73" x 8.18"
