## SHURFLO

SF 254-266

SF 255-323

## SHURFLO STRAINERS FOR FRESH AND SALT WATER

Shurflo manufactures two types of strainers. The 255-Series comes with a 50 mesh stainless steel screen with in-line 1/2" Barb or 1/2" FPT and easy to remove clear cover. The 254-Series is recommended for the Shurflo Extreme Smart Sensor 5.7 Pump. Available with or without a bracket.

Model Number	Description	Model Number	Description
SF 255-323	1/2" Barb 50 mesh screen	SF 254-266	50 mesh screen
SF 255-313	1/2" NPT 50 mesh screen	SF 254-366	50 mesh screen w/bracket

## GROCO

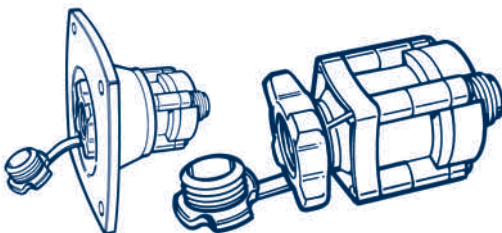

## GROCO PUMP INLET STRAINERS

Groco's WSB Series Strainer protects fresh water pumps from debris. The strainer heads are made of white nylon with a clear plastic sight glass. Sight glass unscrews for easy cleaning. Uses a 40 mesh stainless steel screen. Mounting bracket included.

Model Number	Port Size	Dimensions (H x W)
GC WSB-750	3/4"	5" x 2.9"
GC WSB-1000	1"	6.25" x 4.00"

## JABSCO / SHURFLO

In-line Bulkhead Pressure Regulators

## BULKHEAD AND IN-LINE MOUNT PRESSURE REGULATORS

Protect your boat's water system appliances and pump from the damaging pressure of unregulated marina water hookups. These pressure regulators reduce high water pressures of up to 100 psi down to safe levels. They also include a backflow preventer. The bulkhead versions come in a variety of colors to compliment your vessel while the in-line will easily mount between two 3/4" garden hose fittings.

Mounting	Jabco	Shurflo	Inlet / Outlet
Bulkhead	JA 44410-1000 (White)	SF 183-029-08 (White)	3/4" GHT x 1/2" MPT
Bulkhead	JA 44410-2000 (Chrome)	SF 183-029-04 (Chrome)	3/4" GHT x 1/2" MPT
Bulkhead	—	SF 183-029-01 (Cream)	3/4" GHT x 1/2" MPT
In-Line	JA 44410-1010	SF 183-039-01	3/4" GHT x 3/4" GHT
