## WE'RE COMMITTED TO HAVING WHAT YOU NEED WHEN YOU NEED IT!

### Our Shelves Are Stocked!

Yes, we have \$7 million dollars invested in inventory to assure that we will have what you need when you need it. We add to our 14,000+ stocked part numbers on a daily basis to keep up with our customers needs. Rows and rows of shelves fill our 31,500 square foot headquarters in Clearwater, Florida. If we don't have it in stock that doesn't mean we can't ship the same day. We are ready and able to convert a pump on the shelf to the model you require or remove the parts you need from a complete pump to keep your boat on the water!

Groco ARG Series Strainer

Johnson Crank Shaft Pump

March LC-3CP-MD Pump

Jabsco Manual Head

## YOUR ENGINE COOLING SPECIALISTS

Our team has spent decades painstakingly identifying the pumps and pump service parts for the majority of production marine engines and generators. If it's a raw water pump we can help! Our catalog contains extensive cross-references and our pump specialists are only a phone call away. If your pump is no longer available, we can repair your old pump. If the parts are discontinued our shop can modify your pump to accept currently available parts or we can fabricate custom parts in our machine shop to get you back out on the water!

## RAPID REPAIR TURN AROUND!

The Depco Service Team: Joe, Mike and Chase

## IT'S OUR PRIVILEGE TO WORK WITH YOU

Bottom: Jeff, Kevin, Kirk. Middle: Nick, Rick, Jason, Pat, George C. Back: George H., Dorian, Randy, Greg, Jim, Maria

Our team enjoys the privilege of working in the marine industry. Most of us have a boat and know all too well the challenges of keeping every system aboard up and operating. Our personal and professional experiences have assisted us for over 30 years in serving marinas, ship stores, marine service facilities and yacht manufacturers. Are you satisfied with your current pump supplier or repair facility? Give us a call... We are ready to go to work for you!

Our experienced repair team will evaluate your pump and provide a free cost estimate to bring your pump back into shape. Our huge service parts inventory allows our team to turn most repairs around in 24 hours. Marine service companies from around the country send their pumps to Depco for expert "factory authorized" repairs. Depco also is an official warranty service center for many of the brands we represent.
