

## JABSCO FLEXIBLE IMPELLER PUMPS

**Flows to 260 gpm, pressures to 60 psi**

The Jabsco flexible impeller pumps are widely used throughout the food, dairy, beverage, and pharmaceutical industries. Inexpensive to buy and operate, their gentle pumping action effectively handles thin, viscous, shear sensitive, and particle-laden fluids.

- Up to 60 PSI
- Up to 260 GPM
- Sanitary clamp or ACME threaded ports
- Gentle solid handling action
- Pumps are approved by 3A and USDA and utilize FDA compliant materials
- Self-priming/dry priming to 22'
- Close-coupled or pedestal mount
- 316 SS construction
- FDA compliant elastomers

### UNIQUE DESIGN AND EASY MAINTENANCE
