

END SUCTION CENTRIFUGALS

GOULDS G & L

NPE Series

UP TO 170 GPM, 150' TDH

- Enclosed impeller
- 316L SS construction
- Seal Options: multiple Type 21 mechanical seal choices
- NPT threaded ports
- 1/2 hp to 5 hp sizes
- Drive Options: electric motor (single phase, three phase, ODP, TEFC, explosion proof), pedestal mount or custom configuration

GOULDS G & L

NPO Series

UP TO 250 GPM, 114' TDH

- Open, cast impeller
- 316L SS construction
- Seal options: multiple Type 21 mechanical seal choices
- NPT threaded ports
- 1/2 hp to 5 hp sizes
- Drive options: electric motor (single phase, three phase, ODP, TEFC, explosion proof), pedestal mount or custom configuration

GOULDS G & L

SSH Series

UP TO 1000 GPM, 490' TDH

- Enclosed impeller
- 316L SS construction
- Seal Options: multiple Type 21 mechanical seal choices
- 150# ANSI flange connections
- 1 hp to 100 hp sizes
- Drive Options: electric motor (single phase, three phase, ODP, TEFC, explosion proof), pedestal mount or custom configuration

GOULDS G & L

3657 Series

UP TO 500 GPM, 295' TDH

- Enclosed impeller
- Investment cast 316SS construction
- Seal Options: Multiple Type 21 mechanical seal choices
- 150# ANSI flange connections
- 1 to 25 hp sizes
- Drive Options: Electric motor (single phase, three phase, ODP, TEFC, explosion proof), pedestal mount, or custom configurations
