

ACCESSORIES

JET STREAM NOZZLE

Swivel, Quick Release, Check Valve

HIGH PRESSURE SALT WATER WASHDOWN NOZZLE

Most nozzles last only three months in the marine environment. The Jet Stream is guaranteed to last a minimum of 1 year! It is a true salt water rated gun with stainless spring, swivel head, quick release hose attachment, locking trigger, built-in check valve, $\frac{3}{4}$ " ght inlet port, and protected water channel.

Model Number	Description
DP Nozzle Kit	Jet Stream nozzle with quick connect swivel check valve
DP Connector	Extra check valve connector

PANEL SWITCHES

41 / 42

43

45

49 PWC

RULE PANEL SWITCHES

Rule bilge pump panel switches come with a variety of optional features from indicator lights to a rocker switch. Manual-off-automatic settings come standard on all the switches listed below.

Model Number	Volts DC	Fuse Size	Description	Dimensions (Height x Width)
RU 41	12	20	Lighted 3 way switch	2.0" x 3 $\frac{1}{4}$ "
RU 42	24/32	20	Lighted 3 way switch	2.0" x 3 $\frac{1}{4}$ "
RU 43	12	20	Lighted 3 way rocker switch	2 $\frac{3}{8}$ " x 2 $\frac{7}{8}$ "
RU 44	24/32	20	Lighted 3 way switch	2 $\frac{3}{8}$ " x 2 $\frac{7}{8}$ "
RU 45	12/24/32	20	3 way switch	2.0" x 2 $\frac{1}{4}$ "
RU 49 PWC	12/24/32	20	2 way on/off switch	1.0" x 1 $\frac{1}{2}$ "

LIVWELL ACCESSORIES

FITTINGS BY RULE, JABSCO AND JOHNSON

These quick connect thru hull fittings will make cleanups quicker and easier. The high impact plastic fittings will not rust, corrode or discolor.

Model Number	Port Size	Description
JA 31911-0000	$\frac{3}{4}$ "	SS Deck connector for washdown
JA 31911-0002	$\frac{3}{4}$ "	Hose fitting adapter
JA 31911-0003	$\frac{3}{4}$ "	SS Deck fitting service kit
JS 61121	$\frac{3}{4}$ "	Single outlet, single flush
JS 61122	$\frac{3}{4}$ "	Double outlet, 2 way flush
RU 61S	$\frac{3}{4}$ " Barb	Plastic (elbow style RU 61)
RU 60	1 $\frac{1}{8}$ " Barb	Plastic construction
RU 59	1 $\frac{1}{2}$ " Barb	Plastic construction

HOSE, OXYGENATORS, AND CLAMPS

LIVWELL AND BILGE HOSE, HOSE CLAMPS AND ACCESSORIES

Below are the common hoses and hose clamps used in the installation of livewell and bilge pump systems. Additional sizes and materials of construction can be found on page 63 and 64.

Accessory	Size	Part Number	Description
Hose	$\frac{3}{4}$ " ID	UN 141-0340	Bilge and livewell hose
Hose	1 $\frac{1}{8}$ " ID	UN 141-1180	Bilge and livewell hose
Hose	1 $\frac{1}{2}$ " ID	UN 141-1120	Bilge and livewell hose
Oxygenator	$\frac{3}{4}$ " Barb	RU 78	Oxygenator sprayhead
Oxygenator	$\frac{3}{4}$ " Barb	RU 75	Variable flow control valve
Hose Clamp	$\frac{3}{4}$ " Hose	GY 620-010	Clamp for $\frac{5}{8}$ " - 1 $\frac{1}{8}$ "
Hose Clamp	1 $\frac{1}{8}$ " Hose	GY 620-016	Clamp for $\frac{3}{4}$ " - 1 $\frac{1}{2}$ "
Hose Clamp	1 $\frac{1}{2}$ " Hose	GY 620-020	Clamp for $\frac{3}{4}$ " - 1 $\frac{5}{8}$ "
