

OIL CHANGE AND FUEL PUMPS

SELF-PRIMING FUEL PUMP

The new FR series Walbro pump is self-priming, can run dry for up to 4 hours and offers continuous duty life (with diesel fuel) for up to 18,000 hours. The new fuel pump is compatible with all commercially available pump grade gasoline, gasohol, diesel and bio-diesel. The pump is offered in either 6-8 psi or 8-11 psi. Each pump comes equipped with 1/4" ports and is available in 12 and 24 vdc. (Max flow = .9 gpm)

Model Number	Description	PSI	Dimensions (H x W x L)
WA FRB-13-2	12 vdc Fuel Pump (Old # 6092)	6-8	5.83' x 3.00" x 3.10"
WA FRB-16-2	24 vdc Fuel Pump (Old #6093)	6-8	5.83' x 3.00" x 3.10"
WA FRB-22-1	12 vdc Fuel Pump	8-11	5.83' x 3.00" x 3.10"
WA FRB-23-2	24 vdc Fuel Pump	8-11	5.83' x 3.00" x 3.10"

MULTI-PURPOSE SLIMLINE PUMPS

These slimline submersible and inline pumps are ideal for many applications including: hot or cold water, seawater, antifreeze and even diesel fuel. The pumps can be used to pump bilge water from tight spaces, as deck showers, for general wash down, water and diesel transfer or engine winterization. Pumps deliver up to 500gph.

Model Number	Max GPM	Volts	Max Head	PSI	Dimensions (H x W x L)
RU iL500P	8.3	12 vdc	32'	14	6.5" x 1.5"
RU iL500P-24	8.3	24 vdc	32'	14	6.5" x 1.5"
RU iL280	4.6	12 vdc	32'	14	6.5" x 1.5"
RU iL280-24P	4.6	24 vdc	32'	14	6.5" x 1.5"

SELF-PRIMING DRILL PUMP

The Jabsco self-priming drill pump chucks into a standard 1/4" drill motor and moves up to 3 1/2 gpm. Can be used for draining engine oil through a dipstick tube, scavenging jobs and many uses around the boat or home. The 17250-0003 model includes two 3/4" garden hose port adaptors mounted on 1/2" barbed ports. Does not include electric drill. The 17215-0000 model also comes with 3 feet of 1/2" hose, probe adaptor, 1/4" dipstick probe and two 3/4" garden hose thread port adaptors. (Replacement impeller and shaft assembly # JA 17255-0003).

Model Number	Description
JA 17250-0003	Drill pump with two 3/4" garden hose adaptors on 1/2" barbed ports
JA 17215-0000	Above pump with 3' of 1/2" hose, 1/4" dipstick probe and probe adaptor

(NOT FOR PUMPING GASOLINE OR FLAMMABLE LIQUIDS)

HAND OPERATED OIL, DIESEL AND WATER PUMP

These hand operated utility and oil change pumps come in a variety of configurations to meet your specific needs. The 33799-0000 is a complete kit with adaptors, tubes and hoses for dozens of pumping needs including oil change, diesel fuel transfer and bilge. It can also be used as an air pump to inflate air mattresses and blow out fuel lines. The 34060-0010 comes with a 2' hose and dipstick probe, setting it up specifically for oil change. The 34060-0130 is designed with a 3/4" brass suction fitting allowing it to be adapted for oil change to OMC and Mercruiser marine engines. All models include a 1/2" barbed discharge fitting.

Model Number	Description
JA 33799-0000	Utility pump with two 3' - 1/2" ID hoses, two 1/4" dipstick probes and flush suction port
JA 34060-0010	Utility pump with 2' - 1/2" ID hose and 1/4" dipstick probes and tube adaptor
JA 34060-0130	OMC and Mercruiser oil change pump with 3/4" brass fitting and 2' - 1/2" ID hose

(NOT FOR PUMPING GASOLINE OR FLAMMABLE LIQUIDS)
