

DIGITAL HOLDING TANK MANAGEMENT SYSTEM

The easy to install new digital holding tank management system offers a full range of user convenient features to monitor and evacuate waste. External sensors provide fast and accurate level sensing eliminating the possibility of clogging. The easy to read touch pad has an illuminated level indicator showing 8 level increments to full. The kits make it easy to install a pump and level indicator system on an existing tank. The kits come in 12 or 24 vdc and can be supplied with or without pump.

JA 38210-0024	24	Sensor, Display and Control System
JA 38220-0012	12	Sensor, Display and Control system with 18590 Pump included
JA 38220-0024	24	Sensor, Display and Control system with 18590 Pump included
JA 38230-0012	12	Sensor, Display and Control system with 50890 Pump included
JA 38230-0024	24	Sensor, Display and Control system with 50890 Pump included

JOHNSON GRAY WATER TANK

The gray water tank is designed to be used as a collection tank for waste water from showers, sinks, dishwashing machines with various inlet and outlet port sizes. The tank includes a Johnson Ultima switch for automatic operation and is easy to connect to any 12 or 24 vdc pump up to 20 amps. The tank is prepared for the Johnson Viking Power 16 (10-13350 Series pump), with pre-drilled holes for the pump. The gray water tank model number is 09-13384.

Model	Description	Dimensions
JS 09-13384	Gray Water Tank	7.3" x 11" x 13.4"

WHALE GRAY WATER TANK WITH GULPER PUMP SYSTEM, 12 AND 24 VDC

This sump/pump combo allows you to plumb all gray water hoses to one location. Eight inlet ports, each with two different dimensions permit a variety of hose sizes to be connected reducing the number of thru hull fittings needed. Clear lid fits flush on top of the tank for easy inspection. Sump/pump combo includes an automatic float switch that activates a Gulper pump. The tank can be mated with either a Gulper 220 (BP1552 or BP1554) or a Gulper 220 high flow model (BP3552B or BP 3554B). Gray waste tank only is part number GW0810.

Model	Description	Dimensions
WH GW0810	2.2 gal Gray Waste Tank only	6.56" x 10.25" x 13.75"
WH GW1610	4.4 gal Gray Waste Tank only	6.56" x 10.25" x 24.6"

GROCO HOLDING TANK WITH SWEETTANK™

Groco's ZDS series is a self-contained Type-III waste management system that receives, holds, deodorizes, and discharges water from one or more onboard toilets. Operation is efficient (17 gpm macerator pump is inside the holding tank) and reliable with state of the art touch-pad control. The ZDS also includes SweetTank™ which keeps the tank odor-free at all times, without chemicals or filters. The ZDS system is available in many shapes and sizes.

Model	Volts	Description	Dimensions
GC ZDS-10	12 or 24 vdc	10 gal Gray Waste System	17" x 14" x 13.7"
GC ZDS-15	12 or 24 vdc	15 gal Gray Waste System	24" x 14" x 13.7"
GC ZDS-20	12 or 24 vdc	20 gal Gray Waste System	28.3" x 11.5" x 15"
GC ZDS-30	12 or 24 vdc	30 gal Gray Waste System	28" x 23" x 15"
