

# JABSCO REMOTE CONTROL SEARCHLIGHTS

## 100,000 CP NON-METALLIC SEARCHLIGHTS

This stylish 5" searchlight from Jabsco has an electronic control that includes an automatic 20° sweep feature and two speed movement (fast for searching and slow for pinpointing a target). Fingertip control of the watertight halogen sealed beam will pick-up hazards nearly 900 feet away, with a full 360° horizontal rotation and 75° vertical sweep. There is also a preprogrammed "SOS" distress signal for emergencies. Optional secondary full control panels for dual helm stations are available below for the 61050-1224 (see below for secondary controls and extension harnesses for the 61050-0012).

| Model Number  | Size | Candlepower | Volts DC | Fuse Size | Replacement Bulb |
|---------------|------|-------------|----------|-----------|------------------|
| JA 61050-0012 | 5"   | 100,000     | 12       | 10 amps   | JA 18753-0528    |
| JA 61050-1224 | 5"   | 100,000     | 12/24    | 10 amps   | JA 18753-0528    |

## 200,000 - 600,000 CP CHROMED BRASS SEARCHLIGHTS

These Jabsco premium 6" searchlights with digital multi-function processor control have heavily chromed all brass beam housings and base. The models feature full 360° horizontal rotation and 70° vertical sweep including a 20° sweep feature and two speed movements (fast for searching and slow for pinpointing a target). There is also a preprogrammed "SOS" distress signal for emergencies. Complete with 15 feet of cable. Optional secondary electronic remote control panel for dual helm stations is available. Additional extension cables are listed below.

| Model Number  | Size | Candlepower | Volts DC | Fuse Size | Replacement Bulb |
|---------------|------|-------------|----------|-----------|------------------|
| JA 63042-1224 | 6"   | 600,000     | 12/24    | 20 amps   | JA 64046-0007    |
| JA 63022-0012 | 6"   | 200,000     | 12/24    | 15 amps   | JA 64046-0006    |

## SECONDARY REMOTE CONTROL FOR 5" AND 6" SEARCHLIGHTS

Secondary Remote Control kits allow searchlights above to be operated from both upper and lower helm stations. Kit includes secondary control panel, Y-adaptor and 15 foot cable. Secondary harness must be selected from extension harness options.

| Model Number  | Description   | Models                              |
|---------------|---------------|-------------------------------------|
| JA 64044-0000 | 12/24 Volt DC | 6" RC, 155 SL with electric control |

## EXTENSION HARNESS FOR SEARCHLIGHTS

Extension harnesses enable remote controls to be fitted further from the light than standard cables allow, and are needed to install secondary remote control kits.

| For 155 SL, 233 SL and all 6" Jabsco Models |             | For 135 SL, 146SL, 255 SL and 5", 7" and 8" 620XX Series Searchlights |             |
|---|-------------|---|-------------|
