

GRI

Compact Magnetic Drive

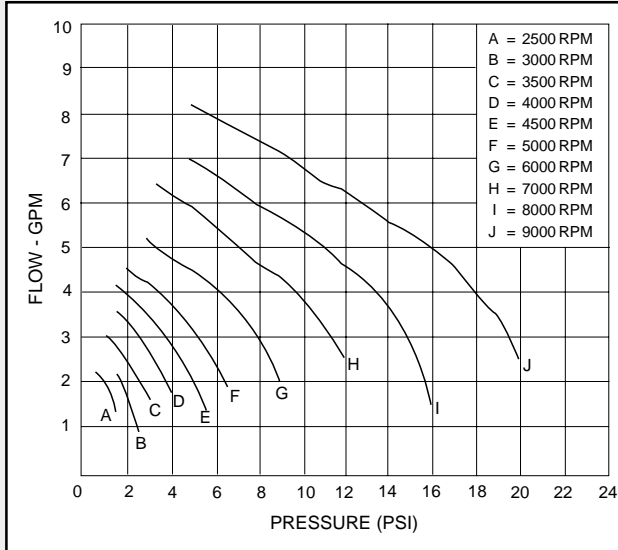

**UP TO 25 GPM,
27 TDH**

- Temperatures to 203° F
- Housing Options: Vectra, Noryl, Polypro Ryton & NSF certified
- Custom configurations available for OEM equipment
- Curves A thru N represent available models

MICROPUMP

**101 Series (3/8" Ports)
Miniature Stainless Steel Pump**

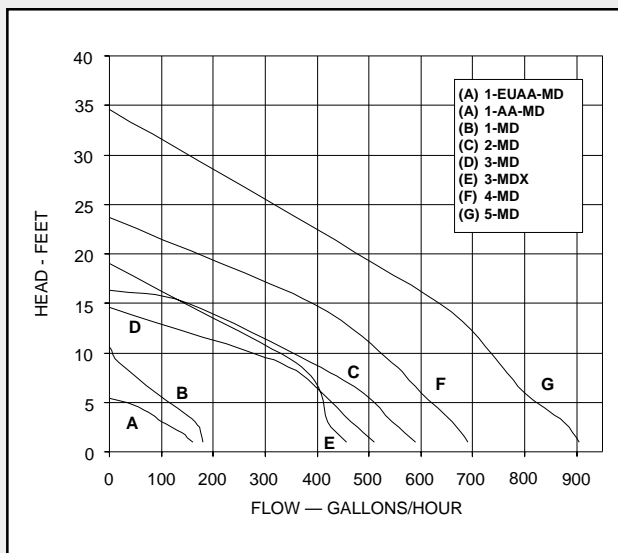

**UP TO 8 GPM,
46 TDH**

- Pressures to 20 psi
- System pressure to 200 psi
- Temperatures to 250° F
- Wetted parts: 316SS body (Hastelloy body avail.), PTFE bushings and gasket
- AC, DC and Air motor available

LITTLE GIANT

**MD Series
(Mildly Corrosive)**

**UP TO 15 GPM,
34 TDH**

- Temperatures to 150° F
- Specific gravity to 1.1
- Viscosity to 100 SSU
- Wetted parts: Polypropylene Hsg, Titanium, Barium Ferrite, Buna-N
