FLOTEC

3/4 HP Stainless Steel

3/4 HP STAINLESS STEEL SHALLOW WELL, WITH OR WITHOUT TANK

Flotec's 3/4 hp stainless steel shallow well pump will lift up to 25' and deliver up to 9.6 gpm at 40 psi. It is available with or without a pre-charged 15 gallon stainless steel tank that is more efficient than conventional accumulator tanks of the same physical size, because it delivers up to twice the amount of water between pump cycles. Port sizes: 1 1/4" FPT inlet, 1" FPT outlet.

Cast Iron or Plastic

1/2 OR 3/4 HP CAST IRON OR PLASTIC SHALLOW WELL PUMPS

These Flotec self-priming shallow well pumps come in rugged cast iron or economical thermoplastic construction. Both versions utilize a heavy-duty A. O. Smith 115/230 vac motor (115V on the FP4012) and pre-wired 30 - 50 psi pressure switch. Cast iron series port sizes: 1 1/4" FPT inlet, 1" FPT outlet. Thermoplastic series port sizes: 1 1/4" inlet, 3/4" outlet.
