

# DOMESTIC PUMPS / ACCUMULATORS

CONTENTS

## 115 VAC AND 12 VDC BOTTLED WATER DISPENSER

This compact system is ideal for automatically supplying bottled water to a refrigerator ice/water dispenser and/or a water tap. It comes complete with a demand water pump, 20 feet of 1/4" discharge tube, suction tube with universal cap for a 5 gallon jug, and float switch for automatic shutoff when the bottle is empty. There are two voltages (12 vdc and 115 vac) available and an optional discharge faucet.

Model Number	Voltage	Included Accessories
FJ BW1000A	115 vac	20' of 1/4" discharge tube, suction tube and cap
FJ BW3000A	12 vdc	20' of 1/4" discharge tube, suction tube and cap

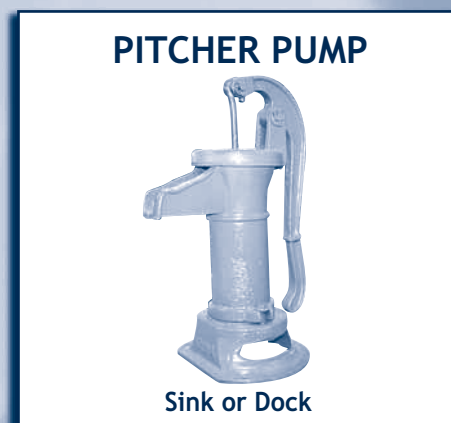

Bottled Water Dispenser

## PITCHER PUMP FOR DOCK, CABIN OR DISPLAY

This cast iron hand operated pump draws on the dependable and historic piston design. Visions of the family farm or the old west are sure to come to mind when this pump is in view. These pumps are often used on freshwater dock fish cleaning stations, back porches of remote hunting or getaway cabins, and ornamental gardens at home.

Model Number	Max. Suction Draw (Lift)	Suction Port	Dimensions in inches (H x W x D)
DP 110	25 feet	1 1/4" FPT	16" x 7.25" x 9"

Sink or Dock

## 2.1 - 8.5 GALLON ACCUMULATOR TANKS

The Jet Rite series accumulator tanks have internal air charged bladders that enable pressure adjustment through their external "tire stem" type fitting. Three sizes are available. The JR25-03S also has a mounting platform that saves space by allowing your pump to be placed on top. Larger sizes are available. Call us for assistance.

Model Number	Volume (Gallons)	Port Size	Accumulator Type	Construction Material	Dimensions (Length x Diameter)
JR 6-01	2.1	3/4" MPT	Bladder	Painted Galv. Steel	11.2" x 9"
JR 15-02	4.5	3/4" MPT	Bladder	Painted Galv. Steel	15.7" x 10"
JR 25-03S	8.5	3/4" MPT	Bladder	Painted Galv. Steel	19.3" x 12.6"

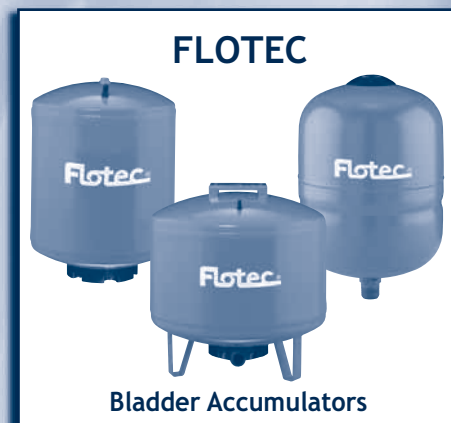

Bladder Accumulators

## 6 - 82 GALLON ACCUMULATOR TANKS

Flotec's pre-charged bladder accumulator tanks require 50% less space than conventional tanks while providing greater water capacity between pump cycles. The 6 and 15 gallon sizes come with a bottom mount 3/4" MPT fitting while the 42 and 82 gallon sizes have mounting feet, a top jet pump mounting plate and 1" or 1 1/4" MPT bottom fitting respectively.

Model Number	Rated Size (Gallons)	Actual Capacity (Gallons)	Port Size	Construction Material	Tank Height
FLT FP7105	6	2	3/4"	Heavy Gauge Painted Steel	13"
FLT FP7100	15	6	3/4"	Heavy Gauge Painted Steel	16"
FLT FP7110	42	19	1"	Heavy Gauge Painted Steel	21"
FLT FP7120	82	35	1 1/4"	Heavy Gauge Painted Steel	32"
