

**RULE / SHURFLO**

**Dual Port Baitwell Pumps**

**12 VDC DUAL PORT PUMPS FOR WASHDOWN PUMP ATTACHMENT**

Both series of these unique pumps include a separate 1/2" FPT suction port that allows the attachment of a self-priming high-pressure washdown pump (see page 19). The Shurflo "Sentry" magnetic drive series are sealless and will not airlock. Rule utilizes their proven direct drive design to provide a dependable and economical solution.

Model	Brand	GPH	Suction / Discharge	Amp Draw
SF 1700-001-030	Shurflo	500	3/4" Male Barb	1.5
SF 1700-011-030	Shurflo	800	3/4" Male Barb	2.75
SF 1700-021-030	Shurflo	1100	3/4" MPT / 1 1/8" Barb	3.75
RU 200FCDP	Rule	360	3/4" MPT / 3/4" Barb	1.9
RU 201FCDP	Rule	500	3/4" MPT / 3/4" Barb	2.1
RU 203FCDP	Rule	700	3/4" MPT / 3/4" Barb	2.8
RU 205FDP	Rule	1100	3/4" MPT / 1 1/8" Barb	3.3

**RULE**

**Thru-Hull Baitwell Pumps**

**12 VDC THRU-HULL MOUNTED BAITWELL PUMPS**

Rule provides two compact and convenient mounting configurations to fit in the tightest bilge. The "ST" series provides a straight 4" long 3/4" FPT thru-hull suction port. The "A" and "PRO" series include an angled 4" long 3/4" FPT thru-hull suction port. The "PRO" series includes the added feature of replaceable cartage motors that allow quick pump replacement without disturbing the thru-hull mounting.

Model	Series	Thru-Hull	GPH	Suction / Discharge	Amp Draw
RU 200	A	Angled	360	3/4" MPT / 3/4" Barb	1.9
RU 200C	PRO	Angled	500	3/4" MPT / 3/4" Barb	1.9
RU 200ST	ST	Straight	700	3/4" MPT / 3/4" Barb	1.9
RU 201	A	Angled	360	3/4" MPT / 3/4" Barb	2.1
RU 201C	PRO	Angled	500	3/4" MPT / 3/4" Barb	2.1
RU 201ST	ST	Straight	700	3/4" MPT / 3/4" Barb	2.1
RU 203	A	Angled	360	3/4" MPT / 3/4" Barb	2.8
RU 203C	PRO	Angled	500	3/4" MPT / 3/4" Barb	2.8
RU 203ST	ST	Straight	700	3/4" MPT / 3/4" Barb	2.8
RU 200R	PRO	Cartridge Replacement Motor for RU 200C			1.9
RU 201R	PRO	Cartridge Replacement Motor for RU 201C			2.1
RU 203R	PRO	Cartridge Replacement Motor for RU 203C			2.8

**RULE**

**High Capacity Pumps**

**12 - 32 VDC HIGH CAPACITY BAITWELL/WASHDOWN PUMPS**

These Rule pumps offer high flows for large baitwells, commercial livewells, and low-pressure washdown applications. The 207F mounts directly on a thru-hull with its 3/4" MPT suction port. The 17A - 19A series utilizes 1 1/2" slip-on ports to connect into your system.

Model	Volts	GPH	Suction / Discharge	Amp. Draw
RU 207F	12 vdc	1200	3/4" MPT / 1-1/8" Barb	8.4
RU 17A	12 vdc	3800	1-1/2" Barb / 1-1/2" Barb	15.5
RU 18A	24 vdc	3700	1-1/2" Barb / 1-1/2" Barb	6.9
RU 19A	32 vdc	3700	1-1/2" Barb / 1-1/2" Barb	5.0

**RULE**

**Transom Mount Pumps**

**12 VDC TRANSOM MOUNT PUMPS**

Rule introduces a lineup of transom mounted aerator pumps. This allows the fisherman to have professional aeration of his livewell without the need to install a pump through the hull. The unique "quick-release" pump with strainer base assembly snaps easily into the transom bracket provided. At the end of the day, the pump can be removed for storage. Pumps feature 5' wire leads.

Model	GPH	Discharge	Amp. Draw
RU 24 TB	360	3/4" ID Hose	1.9
RU 25 DTB	500	3/4" ID Hose	2.1
RU 20 RTB	800	3/4" ID Hose	2.8
RU 27 DTB	1100	1 1/8" ID Hose	3.3

Use Rule's #78 and #75 spray heads for baitwell
