

## High Performance

# Emergency Battery Backup

## Sump Pump System

### High Performance

Operates automatically in an emergency and runs at full capacity to keep up with incoming water

### Smart Charging Technology

Innovative smart chip technology charges in stages to maintain 90% charge. Prolongs battery life beyond where others fail!

### Audio and Visual Alarms

State-of-the-art diagnostics alert you when system is running, power has failed or system needs maintenance, and warns you if a battery replacement is needed
