GROCO

OPERATION

- ▶ The touchpad enables you to empty or fill the oil pan of any connected engine.
- ▶ The powerful gear pump (up to 3.5 gpm) pumps old oil out and fresh oil in with the touch of a button.
- ▶ Built-in controls prevent dry-run damage and inadvertent operation.

PERFORMANCE

Typical performance with 10W-40 oil @50°F pumping through 1/2" ID hydraulic hose.
