

Applications Guide

MOYNO[®] 500

Progressing Cavity Pumps

Always the Right Solution™

CERTIFICATE No. 101442

Always the Right Solution™

The Moyno 500 Pump is a powerful, all-purpose positive displacement progressing cavity pump suitable for fluid handling applications in the municipal, industrial, residential, recreational and agricultural makers, as well as many other areas.

Among Its features are:

- Longer life in abrasive and non-lubricating applications
- High- and low-viscosity capabilities without shearing
- Self-priming capabilities
- Cost-effective operation
- No valves

- Non-pulsating flow
- Compact size, perfect for OEM applications
- Easy maintenance and repair
- Simple, efficient design

Motorized or non-motorized models, a variety of construction materials and discharge pressures to 600 psi enable the Moyno 500 pump to deliver outstanding pumping versatility and performance to a broad range of fluid handling applications.

The following are representative of the many applications for which the Moyno 500 pump is ideally suited.

Water and Waste Treatment Applications

- Sampling
- Polymer
- Booster
- Dosing
- Transfer

Industrial Applications

- Machine Tool Coolants
- Burner Feed
- Oil/Fluid Recovery
- Fluid Transfer
- Filling Machines
- Metering
- Dosing
- Spraying
- Oily Water Separators
- Sampling

Residential Applications

- Shallow Wells
- Booster
- Lawn Sprinkler
- Cellar Drainage
- Fuel Oil Transfer
- Hot Water Circulation
- Fountains
- Swimming Pools

Recreational Applications

- Swimming Pools
- Fountains
- Plant Watering
- Field Drainage
- Sprinklers

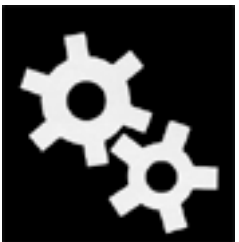

Agricultural Applications

- Building Water Supply
 - Pond, Water, Cart Filling
 - Tractor Tire Ballasting
 - Irrigation, Plant Feed
-

Petrochemical Applications

- Waste Oil Recovery
 - Chemical Transfer
 - Abrasive Chemical
 - Research Pilots
-

Machine Tool Applications

- Cutting Oil
 - Cooling Oil
 - Circulating Lube Oil
 - Polishing Oil
 - Chemical Deburring
 - Gear Case Oil
 - Electrical Discharge Dielectric
-

Medical Equipment Applications

- Hemodialysis
 - Control Equipment
-

Marine Applications

- Oil/Water Transfer
-

Moyno 500 Positive Displacement Pumps...

- Versatile
- Quiet
- Compact
- Reliable
- Self Priming
- Easily Maintained
